

Exploring career opportunities for young people with a disability

A workshop for parents and carers

“There are only two lasting gifts we can leave our children – one is roots, the other is wings”

What will be covered

- document your young person's skills, interests, goals and values
- learn about disability disclosure
- share stories of hope
- learn about labour market changes and opportunities
- learn about a range of disability employment services and incentives
- includes a free take home Resource Pack and referral to free career counselling and workshops for your child
